MEMORANDUM FOR THE RECORD

SUBJECT: Proposed Changes to [redacted] Fitness Reports

1. On 31 July C/RCS [redacted] telephoned to discuss the coordination of this package. We agreed that the coordination request should make clear that the changes are designed to implement specific objectives as reviewed by the CIA Management Committee and approved by Mr. Colby. It would not be productive at this time to stimulate or restimulate "new" thoughts on this subject which has been resolved for the time being after months of careful consideration.

2. Mr. [redacted] also requested a reference to be cited in RCS records as the document recording Mr. Colby's approval. That reference is Mr. Colby's memo for the record of 6 June 1973, subject: CIA Management Committee Meeting on 1 June 1973.

3. Mr. [redacted] said he would arrange for us to review the transmittal before it is issued.
